

BOYDELL'S

Discover a different Hunter Valley

The fruit for our premium wines is sourced from our *vineyard* on the banks of the Allyn River in East Gresford, and from like-minded growers in the Hunter Valley & cooler climate regional NSW. Our *winemaker* is the highly awarded Liz Silkman.

We have *three ranges* of wines

REGIONAL - traditional varietals from the Hunter & regional NSW.

BARRINGTON - representing the unique, biodiverse terroir & our approach to sustainable, small batch wines.

RESERVE - hand-selected, premium fruit, representing the best from each region of NSW.

A tasting of 6 wines, tailored to suit your palate and lifestyle - \$10pp

Select a range of styles to discover new favourites, or stick to those you love.
